Dear Mr. Frye:

I would like to take this opportunity to thank you for the contribution to the Department of Mining Engineering Scholarship Fund. I assure you that your donation will be used to support future undergraduate scholarships within the Department.

Many of our students have been recognized for outstanding efforts, both academically and professionally. We are fortunate to be able to provide scholarships through the generous support of individuals and organizations, such as yours.

Once again, on behalf of West Virginia University's Mining Engineering faculty, staff, and students, I thank you for your support, and I look forward to continuing and expanding the relationship between you and WVU's Department of Mining Engineering.

Yours truly,
